

## What Agents are Saying About PlanCompare Edge & PlanCompare Edge for Agents

### PlanCompare Edge for Agents Testimonials:

"I've been using ConnectureDRX for several years. Most recently **PlanCompare Edge for Agents**. I've used other platforms, but none compared to the speed, accuracy, and simplicity of ConnectureDRX. Plus, response times to questions have been excellent. With **AgencyBloc** and **RetireFlo** integrated, we've reduced manual work and made our processes more efficient. I would recommend PlanCompare Edge for Agents all day long."

– Anthony Kasper, Insurance Agent  
Kasper Insurance Agency LLC

"PlanCompare Edge for Agents—designed to be FMO-agnostic—gave me confidence that I would retain ownership of my data, regardless of industry shifts among FMOs or any changes I needed to make. Additionally, the platform's scalability ensured it could grow with me as my needs evolved."

– James Teague, Owner  
Healthcare Advisors NW

"It is a real time saver and helped me be very efficient. We had a 315% increase in enrollments due to our local hospital leaving the network, and our #1 seller had to move everyone to new plans."
